

THE WAINWRIGHT STAR.

VOLUME II. NUMBER 42

WAINWRIGHT, ALBERTA, THURSDAY, JULY 7, 1910

L. S. GOWE, MANAGER

Wainwright Has Inventor

Jacob Gohring Has Patented a Device Which He Claims Will Enable Horses to Pull Twice as Much as Without It.

Jacob Gohring, a well-known citizen of Wainwright, has invented a contrivance that he expects will revolutionize the wheeled vehicle business. In a nutshell, the great merit claimed by Gohring for his device is that it will enable a horse to draw just twice as large a load as with an ordinary wheeled vehicle.

In Mr. Gohring's invention the wheels of the vehicle travel in an automatically movable track.

This is attained by means of an auxiliary wheel, or more strictly speaking, of a wheel rim with broad face, and independent gear, and rotation within which the vehicle rotates.

Mr. Gohring claims that a horse that can draw a load of 2,000 pounds ordinarily, can pull 4,000 pounds just as easily with his device.

The invention has been patented in Canada and Mr. Gohring has also applied for patent rights for the United States. He expects to sell the invention for a large sum.

Wainwright Looks Good to Them

At a meeting of the school board held on Monday evening last, the applications for the position of Principal of the school here, were read and discussed. The choice was narrowed down to about half a dozen, and a final selection will probably be made at the meeting to be held a week from next Monday.

Between fifty and sixty applications have been received, and the Board feel confident that out of this number they will be able to select a first class man.

E. T. Stimpson expects to move into his new cottage just finished on Eighth Avenue, on Monday. He intends to build five more cottages on Eighth Avenue this summer.

F. M. Attrill, of Grandview, Man., who was in town last week, was so impressed with the possibilities of Wainwright that he purchased three lots in block 45, paying cash for them. The deal was put through by W. B. Crawford.

STAR SHOTS

Sometimes it is "trapped" shooting.

Premier Sifton's favorite color is Vermilion.

He wasn't slick enough a Haltermann to keep his head out of the noose.

Even if Attorney-General McNeill's head does get swelled, Medicine Hat should be big enough for him.

If what those Manitoba politicians say about each other is true, they all ought to be in jail instead of in the legislature.

Cemetery Fence Divides Them

A "Deadlock" at Council - Two New Wells to be Bored - Band Affairs Before Council.

The cemetery fence divides Coun. Logan and Coun. Fuchs. At the meeting held on Tuesday evening last, a petition was received from a number of citizens asking that certain improvements be made to the cemetery, and Coun. Logan moved that twenty rods be fenced with woven wire fencing, and that tenders be called for the same.

Coun. Fuchs did not think it worth while to call for tenders and moved that the plot of ground be cleaned up, and fenced with Page wire fencing. As Coun. Logan would not second this motion, and Coun. Fuchs would not second Coun. Logan's motion, and as Coun. Graham was absent, nothing was done.

It was decided to have two more wells bored, one in block 5, and one in block 7. Cribbing will be purchased in equal quantities from the two local lumber dealers.

Couns. Logan and Fuchs were appointed a committee of the whole to look after street improvements.

Cattley & Grogan were appointed pound-keepers.

Coun. Logan again brought up the matter of the reorganization of the band, and it was decided to call a meeting of the citizens for Friday night to deal with the question.

Washburn & Mills have just received a big stock of glass. They make a specialty of glass cutting.

The attention of the readers of the Star is directed to the ad. of John Berry, plasterer and bricklayer, which appears in this issue. Mr. Berry is a believer in printer's ink and does not intend to hide his light under a bushel.

Winnipeg Crew Wins Stewards' Cup

Henley-on-Thames, July 7.—The Winnipeg four today won the Stewards' Cup by two full lengths in fast time.

The Star gives you all the local news, crisp and fresh, and for only \$1.00 per year.

Star want ads do the trick every time.

Town Elections Next Month

Several Candidates for Mayoralty Mentioned - Couns. Logan and Graham Both Announce Retirement From Civic Arena.

Who will be the next mayor of the town of Wainwright, and what will be the personnel of the first town council?

These questions are being quite freely asked of late, and speculation is rife as to the probable candidates for these positions of honor and responsibility and trust.

For the mayoralty several names have been mentioned, among them being Coun. Logan, the present chairman; W. J. Musson, H. V. Fieldhouse and George Richardson.

Coun. Logan, declares, however, that he is out of the running. Speaking to the Star he said:

"I have definitely decided not to be a candidate for either the mayoralty or the council board and nothing will alter my decision."

Coun. Logan gave as his principal reason for abandoning his civic career the apathy shown by the citizens in civic matters.

Coun. Graham also informed the Star that he would not seek any further civic honors.

The incorporation papers are now awaiting the signature of the new Attorney-General, and it is probable that the elections will take place some time next month.

Personal

Mrs. M. L. Forster went to Edmonton this week, where she will spend a few days.

E. Ellis was a visitor to the Calgary exhibition and was much pleased with the show.

Mrs. L. P. Huesey left today to visit friends in Parage in Prairie and Winnipeg. She will be absent for a couple of weeks.

Mrs. C. G. Fieldhouse, who has been visiting friends in Manitoba for the last month, arrived home on Wednesday. Mr. Fieldhouse met her in Winnipeg and returned with her.

R. B. Davison, local manager of the Union Bank, left on Thursday for his vacation trip. He will visit Fort William first and later go to Montreal and Chicago. W. C. Baker, accountant at Edmonton, is relieving him here.

Rev. T. W. Bateman and family left on Thursday for Winnipeg, where they will spend a few weeks. Mr. Bateman will deliver a number of addresses throughout Saskatchewan on missionary work before leaving for China. He will also visit at his old home in Innisfail.

Greenshields School Report

Following is the report of the Greenshields school district: From Grade IV to V—Emma Stouffer, 71 p. c.

Grade III—Adrian Stouffer, 70 p. c.; Harold McDougall, 69 p. c.; Ideala Gregory, 51 p. c. Grade I to II—Harold McDougall, 92 p. c.; Karl Stouffer, 77 p. c.; Leatta Wilson, 69 p. c.; Lealwyn Fountain, 54 p. c.

Grade I—Clayton Stouffer, Frank Patterson, Percy Murray.

J. NICKLE, Teacher.

Wainwright's Dominion Day Celebration a Great Success in Every Way

In spite of the pessimistic predictions of a few who favored a postponement, Wainwright's Dominion Day celebration this year was successful in every respect. There were more people in town than last year—the paid admissions being almost double—and all who came appeared to thoroughly enjoy the day's sport.

A few hitches, are of course, inevitable in the carrying out of a programme as extensive as the one put on here, but on the whole, everything went off smoothly and the people were thoroughly satisfied with the sport provided.

It is estimated that nearly two thousand people were at the grounds.

Owing to lack of entries it was found necessary to eliminate some of the features. The freighters' race was cut out, as well as the football tournament and the tug-of-war.

The bucking contest was also officially declared off the program, although an unofficial one was pulled off. The reason offered by the executive for not having a bucking contest was that no entries had been made up to the time advertised for closing them. Some of the horsemen and a number of the spectators as well, did not like the cutting out of this feature, and a number of enthusiasts put their hands in their pockets and made up a purse and a contest was put on. There were several candidates for the prize, which was won by J. A. D.

One of Cattley & Grogan's employees, Tuttle rode a buckskin broncho, that put up a pretty good line of bucking, and which in the course of its wild career, dashed into a shed on the grounds and placed its rider in a rather perilous position.

A colored gentleman who made himself rather prominent during the afternoon, was the first candidate. He was given a bay outlay belonging to Henry Myers to ride. He only stayed on for a couple of minutes.

Then a half-breed named Louis, mounted the bay. He held on for awhile, but pulled leather frequently. Eventually he went the way of the con.

Wm. Mortimer was the next man up. His career was speedily terminated. Then the con made another attempt and rode the horse, not as a competitor for the prize, but on a wager. As the horse was getting pretty tired by this time, he managed to stick on. The other party to the bet was not satisfied with his style of riding, however, and objected to the nigger getting the money. Subsequently at the colored man's suggestion, they fought for the money. It was a lively bout while it lasted, but was stopped by the Mounted Policeman.

Perhaps the most interesting feature of the day was the baseball tournament. The result was, however, very disappointing to Wainwright as the magnificent Dawson Cup and individual medals went to the Irma team. The final of the game was very exciting, the final score being 16 to 15.

The International Real Estate Company's special car is due to arrive on Friday with a bunch of land seekers from Wisconsin and Nebraska. It is expected that the majority of them will buy land in this district.

Only first-class printing is done at the Star office. You can have it when you want it, too.

Irma had previously defeated Chauvin by the score of 20 to 7. The feature event of the athletic section of the program was the 5-mile race which was pulled off in the evening. The finish was in front of the Wainwright Hotel. The contest was watched by a big crowd.

Newport was an easy winner and was running strong at the finish.

Sam Lewis, of Chauvin, was second, and Corbett of the G. T. P. office, Wainwright, third. Newport was given an ovation as he came to the finish line, and Lewis and Corbett were also cheered as they finished.

The winner of this event captured the valuable cup offered by A. Bramley-Moore, M. P. P. which trophy becomes his property.

The second prize was valued at \$15.

Considerable interest was taken in the "best farmers four-horse outfit" event. There were three entries in this, the premier honor being carried off by Archie McLean, whose outfit was greatly admired. His leaders were a pair of grey Shires, stocky and powerful looking, while his wheelers were a pair of handsome bay Clydesdale horses, a beautiful bay in color. Mr. McLean won first money by a big majority. His wagon was spick and span and his horses were triggered up in fine shape.

Lee Wells won second prize. This only other entry was Harry Mabey's team.

The dance held in the Auditorium in the evening was well attended, but was not a big financial success. There were about one hundred and fifty present. Lynch's orchestra, from Edmonton, provided the music, which was all that could be desired.

The music for the day's festivities was furnished by the Viking Band, who were a fine, gentlemanly lot of fellows, and as a musical organization, were entirely satisfactory.

Following are the winners of the different events of the day:

HORSE RACES

Free for all, running—"Dick," T. L. Thoreson, 1st; "Star," Henry Myers, 2nd; "Seppho," Tom Sheridan, 3rd.

Pony race—14½ hands and under—"Snowball," R. J. Wilde, 1st; "Moose," Henry Myers, 2nd; "Dancing Master," Henry Myers, 3rd.

Ladies' race—Miss DeNoncourt, on "Paddy," 1st. Best lady rider—Miss Bessie Steele.

Cowboy race—Henry Myers, 1st; Louis Dumont, 2nd.

ATHLETIC EVENTS

Standing broad jump—Wimble, 1st; Sharpe, 2nd.

Running long jump—Love, 1st; Lawson, 2nd.

Running, hop, step and jump—Toll, 1st, with 36 feet; Love, 2nd, with 31 feet, 6 inches.

Putting shot—Leo Riley, 1st. Boys race under 16—Fred Pawling, 1st; Plaxton, 2nd.

Girls' race, under 14—Lulu Mabey, 1st; Ima Steele, 2nd.

Girls' race, under 12—Emma Goodrich, 1st.

There was a hot time in the Todd council the other day. A majority of the councillors voted themselves remuneration and a couple of the others resigned in disgust.

The Star will be sent to any address in Canada for \$1.00 from now until the end of next year. Hurry up and subscribe.

Through Service Inaugurated

First Through Train From Edmonton Reached Here Sunday - First From Winnipeg on Monday.

The Star last week announced that on Sunday a through passenger and mail service between Winnipeg and Edmonton would be inaugurated by the Grand Trunk Pacific. This was good news for the public, but there were a few doubting Thomases who said they would believe it only when they saw it. Their doubts were set at rest on Sunday, however, when the train pulled in from Edmonton. There was a large number of Wainwright people down to meet the train, and they also turned out in large numbers on Monday to witness the arrival of the first through train from Winnipeg.

These trains carry a dining car, pullman cars, and are equipped in modern style throughout.

Two Brickyards For Wainwright

Mr. Taylor, Late of Medicine Hat Has Plant Here, and Has Begun Operations Near McKay's.

Wainwright is to have a second brickyard. In fact, it has a second brickyard, as operations have already been started. Mr. Taylor, an Englishman late of Medicine Hat, is the promoter of the enterprise. He has purchased land west of McKay's brickyard and has his plant already here. He has a number of men at work and will increase his staff very soon.

WEDDINGS

HALTERMANN—COOPER

CHYNOWETH—COOPER

Rev. T. W. Bateman wound up his pastoral career in Wainwright by officiating at a double wedding at the church on Wednesday afternoon at 1 o'clock.

The contracting parties were Fred LeRoy Haltermann, of the firm of French & Haltermann, and Miss Annie E. Cooper, and John T. Chynoweth, and Miss Effie May Cooper. The brides, who are sisters, are daughters of Mr. and Mrs. Cooper of Wainwright. The couples were unattended.

Both of the happy couples left for Edmonton after the ceremony. On their return Mr. and Mrs. Haltermann will take up their residence in Wainwright, while Mr. and Mrs. Chynoweth will make their home at the groom's farm near Heath.

Fire Brigade Fills Vacancies

H. Laird Becomes Assistant Chief, A. E. Mills Captain, W. S. Goulet Capt. of Hook and Ladder, W. Musson Elected Captain of Salvage Corps.

At a meeting of the Fire Brigade held on Wednesday evening last, several vacancies were filled.

Capt. H. Laird was appointed assistant chief in place of H. E. Cummer resigned. First Engineer Mills was elected Captain of the Brigade, and W. S. Goulet was elected Captain of the Hook and Ladder Company.

The organization of a Salvage Corps was effected, and W. J. Musson was elected Captain. The list of members is as follows:

W. J. Musson, captain; W. Small, P. E. Ross, H. Pawling, C. T. Lally, E. Logan, R. Snider, T. Blason, F. Lush, G. Richardson, W. Crawford, P. Laird and P. Dewar.

The Salvage Corps will operate at fires in the business area of the town. Their duties will consist of saving and taking care of merchandise. The corps is composed entirely of business men and should prove a useful adjunct to the brigade. The new chemical engine is expected in the course of a few weeks, and the new water tank is now under construction.

Rev. T. Philps

Rev. T. Philps, who on Sunday last began his pastorate of Grace Methodist Church, made a most favorable impression upon his congregation. In his Sunday evening sermon he dwelt upon the importance to a community of church and pastor.

A reception for the new pastor and his wife was held on Wednesday afternoon.

Present for Prin. Kenney

The public school closed on the 30th ult., for the summer vacation. A pleasing feature of the closing exercises was the presentation to Mr. Kenney, the retiring principal, of a silver sugar bowl, by the scholars.

The presentation was made by Fred Pawling on behalf of the students, and Mr. Kenney made a feeling reply.

THE BRONCHO

She will pace an exhibition mile at the Winnipeg Fair

FASHIONS AND FANCIES

If you can't be girlish, be as girlish as you can, summed up in a nutshell, this is the intent of the moment's fashions.

It is a feminine simplicity so carefully studied that it is the very utmost of art, this is the effect aimed at and achieved in the new costumes, which, for want of a better name are styled by the dressmakers "peasant" types.

That word "peasant" as the initiated well know, must be taken with a grain of salt. Nobody dreams of ever looking like a peasant, and if the contrary, early in the spring, commenced the ston-shouldered, flat-chested, thick waisted, feminine figure in Millet's "Angoules" as the exemplification of the desirable summer silhouette, nobody appeared to be much carried away with the idea, and with the exception of a few

velvet or moiré ribbons. This structure is either worn as a "shell" or beneath a delicate and variously patterned, permanently posed on a foundation waist of white cloth, muslin, or lace, or even of silk. Not infrequently this second Chausson is styled by an outer layer of very thin chiffon or marquisette, but in either event it is the Chausson to which attention is intended to be called.

It is the fashion that is now the popular silk fabric for those useful waists which are a little drier than some tub waists and less so than the "velvet" styles. Bordered foundations are favored, the borders being very pretty designs of frills, collars or cuffs. Certain waists of this description are very chic in effect, but not all of them are successful as far as appearance goes. Pale foundations with light figured or reverse arrangement are both favored, and it is noted that some of the smartest have the high bodied stock instead of the Dutch or fitted neck. Pockets and collar-trimmed borders or trimmings are favored over other variations.

The usual madras and summer chevrons are seen in tailored waists, which depend least and simplicity for their smartness rather than on the number of tucks or plaits that might be employed in their construction. They will be worn with smart, loose collars.

Thin waists are heavily incriminated with embroidery motifs. Clusters of Irish lace insertions, ornaments, bedstitch, and the majority of them are shown with sleeves, reaching only to or just below the elbow. Many are of the low-neck type. Plaited frills are a part of a great majority of dress waists and while they are not novel they are still uniquely arranged. Crochet buttons, soft, washable, are often seen on some of the prettiest waists in connection with either lace or embroidery or combination of both.

For mountain, seaside, country or general practical wear there are waists of wool fabrics in a variety of weaves and designs. Persian effects, stripes, plaids, etc., are noted in the popular chafes, flannels and similar fabrics. Most of these waists are rather "shirky" in make, having yokes, shirt sleeves and buttoned cuffs.

DOMESTIC TIT-BITS

A GOOD way to repair small holes in holland blinds is to get some court plaster, cut a piece a little larger than the hole, warm, and place perfectly flat over the hole. It is easy to transfer a plaited frill. Simply paste the plaits to position along the hem or lace edge before washing them and iron them flat way. The button can then be removed and the plaits will be in their original place.

Yardage frilling is made of various washable fabrics and ordinarily the lace used is good. In high-class frills hand embroidery is a favored embellishment. Jemmetting, French dots, Irish, Cluny and Val lace are all employed as a finish. Everything points to an active demand for the frills, collars, cuffs, both embroidered and plain. Embroidered effects in the orthodox turn-outs are as popular as ever and are especially attractive in pique styles.

New plain collared ultra shapes are also shown, the low, rolling style in V-front effect which is especially smart with tailored waists and the deep, daring turn-outs which are "extra right" in its shape and being both stunning in appearance and comfortable as well.

A fancy of the season is to wear these collars with Windsters tied in bows or four-bands or with the tubular collar ties which have taken a new lease of life in most attractive combinations.

In the exquisite hand-embroidered lines one finds that the tendency toward flat styles and this is also true of the Irish collars and ties. The collars are lighter, less and are more fully plaited, and often rather long, effects are observable, especially in the latest designs.

A fancy of the season is to wear these collars with Windsters tied in bows or four-bands or with the tubular collar ties which have taken a new lease of life in most attractive combinations. Cuffs are frequent accompaniments of such jobs.

For general fruit stains use boiling water poured directly on the spot. If this does not remove them use oxalic acid. Three ounces of the crystal to one pint of water. Wet the spot with this and place it in the steam of a boiling tea kettle and iron them flat way. The button can then be removed and the plaits will be in their original place.

BAKING POWDER
Does not contain Alum

Canada will some day stop by legislation the use of alum in baking powder. Alum powders injure digestion. Great Britain already prohibits alum in foods.

Made in Canada

Be sure of purity—insist on MAGIC
E. W. Gillett Co. Ltd. Toronto, Ont.

FREE COOK BOOK

MAGIC is better than any food law requires.

MAGIC insures healthful, wholesome food. Brings success to you in baking light, flaky biscuits, cake and pastry.

MAGIC is a medium priced baking powder and the only well-known one made in Canada that does NOT contain alum.

Full Pound Cans, 25c.

If you want and need a copy of Magic Cook Book, send stamped address to E. W. Gillett Co. Ltd., Toronto, Ont. and we will send you a copy of the book.

TERRA INCOGNITA

By Cy Worman

WHEN the star holds the spot light at the centre of the stage the audience is apt to overlook anything that is happening on the wings.

In this Canadian theatre what has been the main show. Haunting, dairy-farm, fruit culture, mining, lumbering and manufacturing have been compelled to manage with music. Just now there is opening up for settlement the two township whose resources are so varied, not to say interdependent, that they must and will develop together.

A new section is known generally as Northern British Columbia, but it is not northern. It is central, rather, and as if to get away from the "northern" idea, the local government have begun to call it New British Columbia.

By this new section, which is bounded by this new district lies between 52 deg. and 54 deg. north latitude. It begins at the eastern boundary of the province and runs west to the coast range. A considerable part of this agricultural land lies east of the Skeena and west of the 116 parallel. Then there is the vast inter-mountain valley between the Selkirk and the Rocky Mountain ranges and north of the Big Head of the Columbia River.

Better than these, having a milder climate and lying nearer the sea coast, where the Japan current cradles the warm Chinook, are the many valleys that sleep between the Selkirk and the Rocky Mountain ranges.

These valleys of the north, forming a mountain-walled Eden, which promises to call thousands within the next decade, and which is capable of supporting millions of settlers.

As far as Fort George, where a feeder leaves the main line, follow the Fraser down to Vancouver, pear, plum, and other fruit trees have been planted by ranchmen and trappers and have borne abundantly. All garden truck grows splendidly.

These valleys of the north, forming a mountain-walled Eden, which promises to call thousands within the next decade, and which is capable of supporting millions of settlers.

These valleys of the north, forming a mountain-walled Eden, which promises to call thousands within the next decade, and which is capable of supporting millions of settlers.

These valleys of the north, forming a mountain-walled Eden, which promises to call thousands within the next decade, and which is capable of supporting millions of settlers.

nutritional cattle foods grow high enough to hide cattle completely, especially in the Skeena and Bulkley valleys.

Salmon run up the Bulkley two hundred miles from the Pacific, and all the little lakes that lie in the folds of the hills are full of fish, mostly mountain brook trout. Of course, where there are berries there are bears.

Where there are many ninety days, and the summer comes in on the wing of the warm Chinook. There is no spring, and there is a long, delightful Indian summer. December, January and February may be counted as the winter.

When the danger is passed the reptile relaxes a muscle and the raised part of the plastron falls, allowing the head and feet to come forth. This movable plate is fastened to the plastron by a strong hinge of elastic ligament.

heavy that six men were often required to lift one of them.

Though the tortoise is slow of foot, it is quick to make the best of its available modes of defence. The box tortoise possesses a singular defensive apparatus. The plastron, or shell covering the under part of the body, is so formed that its front segment can be drawn upward to protect the animal's head, the head meanwhile being drawn back under the carapace, or shell on the back. The upper and under shells then meet in front, forming a kind of box in which the creature is unassailable.

THURSDAY JULY 7, 1910

WAINWRIGHT'S DAY.

The great success of Wainwright's Dominion Day celebration was most emphatically answered to the gloomy forebodings of a few persons, who at the eleventh hour advocated a postponement of the festivities. A postponement would have weakened the town's claim on the first of July as its Natal day and made it vastly more difficult to engineer a big demonstration next year. As it is, the people of this district have acquired the habit of coming to Wainwright on Dominion Day. They have been well entertained two years in succession, and the prestige gained by the success of two past celebrations will make it easy to get a big crowd in future years. It has come to be generally recognized throughout the district, and up and down the line as well, that the first of July is Wainwright's Day, no matter what is being done elsewhere. It should be comparatively easy next year to get a much larger crowd than was here this year, or last year, as the town service will be much better and the town will be more generally known and talked about. The fact that Wainwright is going to have a great celebration on Dominion Day should be advertised far and wide long in advance of the day. If that is done the success of next year's celebration may be taken for granted. We have established our claim to Dominion Day, and the tendency in the future will no doubt be for rival towns to keep their hands off.

REORGANIZE.

The Star learns with pleasure that at last a move has been made to reorganize the Band here. A meeting has been called for Friday evening for this purpose and it is to be hoped that a scheme of reorganization that will be satisfactory to both the band and the citizens at large will be devised. Wainwright has lots of material for a first class band and there appears to be no good reason why it should not be utilized. Had the Band been in shape to furnish music for the Dominion Day celebration the \$100 that the Viking band cost the town could have been kept at home, and would have been a big help to the local organization. A good band is a valuable publicity feature for a town as well as a frequent source of pleasure to the citizens. Reorganize, by all means.

EDITORIAL NOTES.

The fate of the Roblin government of Manitoba will be decided on Thursday next. The campaign has been a bitter one, and replete with sensational charges by both sides. If all the rival candidates say of each other is true, they should be in jail instead of the legislature. The Roblin government is pretty strongly entrenched in power and in spite of the very vigorous campaign which has been put up by the opposition their chances of a renewed lease of power seem good.

The daily through passenger service inaugurated this week by the Grand Trunk Pacific marks a new epoch in the history of Wainwright and removes disabilities which were becoming irksome. The citizens have hailed the increased passenger and mail facilities with enthusiasm.

Chauvin Celebrates Fourth of July

Chauvin, Alta., July 6.—The people here on the 4th passed off nicely.

About 400 people were present and all enjoyed themselves thoroughly.

The sports started at 1 p. m., with a game of baseball between Ribstone and Manitou Lake. The game ended in Ribstone's favor. After this came a programme of races as follows: Pony race under 141 hands, horse race, free for all, 100 yard dash for men, 100 yard dash for boys, 100 yard foot race, 50 yard race for girls under 12, 50 yard race for girls under 10, 50 yard race for ladies, three-legged race, running hop, step and jump, running high jump, standing broad jump, ox team race, women's ball driving contest.

Then a football match between Ribstone and Chauvin was put on, but alas! the ball broke at the beginning and to the disappointment of the players as well as the spectators the game was called off. The final baseball match between Ribstone and Chauvin was the event of the day. Great was the excitement, loud was the shouting and keen was the enjoyment as the two teams fought for their runs. The team were evenly matched and the game right to the last was almost a tie. The Chauvin boys were fortunate in the last inning and the end came with a score of four runs in their favor.

Next came the dance in Roy's Hall. Here again the young people enjoyed themselves to their hearts content and when the early hours of morning came each and all felt that Chauvin's First Annual Celebration was far from a failure.

Farmers and Stockmen Listen

The farmer or rancher who wishes to enlarge or improve his herd by securing some of the well bred stock now being put on the market, because of the growing out of the big ranchers, will upon application to the Live Stock Commissioner at Edmonton, be put in touch with parties who are offering their stock for sale. Several ranchers have already given notice of their intention to reduce the size of their herds or sell out entirely.

Most of the herds reported are of the Shorthorn or Hereford breeding, or are crosses of these breeds. Practically all are bred for beef production, and being range bred are much better able to take care of themselves than are the farm bred that finds its way out here from the east.

These animals will be of little use to dairymen.

Address all enquiries to the undersigned in care of the Department of Agriculture, Edmonton.

W. F. STEVENS,
Live Stock Commissioner.

DISSOLUTION

Notice is hereby given that the partnership existing between the undersigned has been dissolved by mutual consent. The business will be carried on by James Weldon, to whom all moneys due the late firm are payable.

E. JAMES
J. WELDON

ELECTION RETURNS

The returns of the Provincial elections of Manitoba which will take place on the 11th inst., will be received that evening at the Park Hotel and the Wainwright Hotel.

NITRAMA REPLIES

We only thought to let the people know if they wanted anything where to go. But a critic holding it up to view says we omitted churches which is true. Farmers' implements too we mentioned but we frankly admit that those we forgot. Some make mistakes. It indeed every one. Else would be something new under the sun. The churches now are much like those of old. A number of people both dry and gold.

The bread of life cometh down from above. And breath to the world both life and love. We did not neglect or thoughtlessly leave. The churches one side, but if you believe.

We thought we might take at some future time and put the churches in some kind of rhyme.

Perhaps the "Star Reader" will do that part.

If he has the churches so near his heart.

We wouldn't criticize we would like to see.

Something good on churches whatever it be.

NITRAMA
Wainwright, July 1910.

Public Notice.

PUBLIC Notice is hereby given that under the provisions of the Statute of the Province of Alberta, 1908, known as "The Companies Act," letters patent have been issued under the seal of the Secretary of State of Canada, bearing date the 27th day of April, 1910, incorporating Richard Akroyd Farmer, James Hatcher, James Gilmartin, Peter Dewar, John McArthur, Richard James McArthur, and John McArthur, all of the Town of Wainwright, in the Province of Alberta, for the following purposes, viz:—The business of the company shall be to receive and of any kind of exchange or promissory notes, or any other financial instrument, or of any kind of security, or of any kind of property, or of any kind of business, or of any kind of industry, or of any kind of enterprise, or of any kind of undertaking, or of any kind of venture, or of any kind of speculation, or of any kind of investment, or of any kind of operation, or of any kind of transaction, or of any kind of dealing, or of any The World of Sport

RING

JOHNSON BEATS JEFF

The great interest locally in the big fight on Monday between Jeffries the retired and undefeated heavyweight champion of the world and Jack Johnson, heavyweight champion of the world, was shown by the large crowd that congregated in front of the Star office and eagerly listened to the reading of the bulletin as they were received round by round. It was a Jeffries crowd, and when the news came that Jeff, the hitherto invincible fighter, had gone down to defeat, there was general disappointment.

The referee was announced by Bert Cox, who also had charge of the bulletin board.

W. W. McNaughton's story of the fight was as follows:

Ringside, Reno, July 4.—Jack Johnson proved himself Jeffries' master today at every stage of the battle. Even the greatest strength that was looked for in Jeffries seemed to be in Johnson's favor.

In the early rounds, with the pressure of his right glove, he twisted Jeff's left arm almost into his hamstring position to prevent the big fellow using it while breaking.

As the rounds went on Johnson's confidence came to him and he took all kinds of liberties with Jeff. As a rule Johnson whips his men with his right uppercut. He used it a few times today, but it was left hooks and left uppercuts while thinking that brought Jeffries to terms.

With this kind of fighting Jeffries was powerless after a few rounds had passed. He could not devise a way of escape, and was punished while they were fighting and swinging at close quarters.

It seemed the worst thing in the world for Johnson to free his left arm and tilt the big fellow's head. First of all blood came from Jeff's mouth, and then his right eye closed. His nose poured blood.

After the sixth round the battle had a decidedly Johnson favor. Jeff got in a few body blows while going into a clinch, but he was slowly chopped to pieces, until all Johnson's best kicks were put in on Jeff when they were coming together. In the fifth round Jeff was knocked down three times with left hooks delivered by Johnson while standing a-way.

Said Burger was entering the ring on the occasion of the last knock-down to acknowledge defeat, and in the sixth round Jeff was declared out.

Official Timekeeper Harting has just announced that only eight seconds had elapsed when Burger jumped into the ring to protect Jeff from another punch. Harting says that Jeff would have been counted out anyhow, as he could not have straightened up in time before the count.

Owing to Burger's interference the victory will be counted as a knockout.

BASEBALL

IRMA WINS CUP

The baseball match between Irma and Wainwright for the Dawson cup and medals was a very interesting one. The run-getting was very evenly divided and both pitchers were touched up pretty freely.

Reynolds and Lewis were the big run-getters for the home team, each having three tallies to his credit.

"Doc" Watson got in a couple and Trenouth and Smith the same number. Each of the other players on the team got in one, with the exception of Crittenden, who had rather hard luck, having been left out three different times.

The last inning was rather spectacular, and had the fans on their feet yelling most of the time.

When Wainwright went to bat in the last half of the ninth, the score stood 10 to 13 against them.

Lewis was the first man up. He batted a grounder to the pitcher and was caught out at first.

"Doc" Betts next seized the cordwood and got a hit which enabled him to reach 1st safely. Readman followed and also got a good hit and the men on bases kept going.

Crittenden came to bat next and tapped the ball hard enough to allow Lewis, who was running for him, to reach second, and to bring Readman and Betts home. When Wainwright got in these two men, a great cheer went up from the supporters of the home team, and things began to look very rosy.

Trenouth was the next bat. He batted the ball to left field, but almost the Irma fielder did not drop it, and the Dawson cup and medals belonged to Irma. It was a lucky catch all right as Lewis was on third and would have romped home.

A. Vallis refereed the game and gave general satisfaction.

The teams lined up as follows:

Wainwright	
Reynolds, 2B	3
Lewis, 1B	3
Betts, p	1
Readman, cf	2
Smith, lf	1
Crittenden, 3B	0
Trenouth, c	2
Haley, ss	1
Watson, rf	2
Irma	
Harper, 3B	3
J. Ross, cf	2
J. Erickson, ss	2
C. Toll, lf	3
B. Field, rf	2
McMurray, 1B	1
B. Erickson, c	0
Call, p	1
Hardy, 2B	2

CRIPPLED BY RHEUMATISM

Suffered Torture Until "Fruit-a-tive" Took Away The Pain

"Fruit-a-tive," the famous fruit medicine, is the greatest and most scientific remedy ever discovered for Rheumatism.

"Fruit-a-tive," by its marvelous action on the bones, kidneys and skin, prevents the accumulation of uric acid, which causes Rheumatism and thereby keeps the blood pure and rich.

Mrs. Walter Hooper, of Hillview, Ont., says: "I suffered from severe Rheumatism, but the use of my right arm and could not do my work. Nothing helped me until I took 'Fruit-a-tive' and this medicine cured me."

"If you are subject to Rheumatism, don't wait until a severe attack comes on before trying 'Fruit-a-tive'."

"Take three fruit tablets now and this prevents the attack."

"Fruit-a-tive" is sold by all dealers at 50c a box, 4 for \$2.00, or fruit box, 50c may be obtained from Trial-boxes, Limited, Ottawa.

ELONG UP-TO-DATE

The countless man puts a careless arm round the waist of the beautiful girl. While over the daisies, endless roads in a harmless wagon they whirled.

Like a luscious bullet from hammer and gun. By anons power drives, They fly to taste the apples joys. By endless union given.

The only luncheon his coleslaw purse Affords to the means. It is a tasteful meal of his end. With a dish of stringless beans.

He smokes his old tobacco pipe, And laughs a mirthless laugh. When pipe tries to coax her back. By wireless telegraph.

Canadian Made

No doubt you will agree that if quality and price are equal every Canadian should buy Canadian made goods in preference to any others.

Not only is it patriotic—it's sound common sense. The money spent for Canadian goods goes to build up Canadian industries and prosperity, and makes it easier for every Canadian to earn a good living.

On the other hand, money spent for foreign made goods goes out of the country to pay foreigners—not to benefit Canadians.

NA-DRU-CO

Toilet and Medical Preparations are compounded in Canada from the purest ingredients which money can buy.

The National Drug and Chemical Company of Canada represents in Canada the purest ingredients which money can buy.

As a matter of fact, though, NA-DRU-CO Toilet and Medical Preparations are better than those imported.

You risk nothing in making the test for if the NA-DRU-CO article does not entirely satisfy you, return it and your druggist will refund your money.

BUCK-EYE

VOL. 1 WEEKLY EDITION NO. 35

The Biter Bit

"Please help a blind man," said a fellow with green goggles, as he held a tin cup toward the line of people issuing from the Union Depot.

"I always help the blind," said one of two young men who were passing, and he stopped and took a quarter out of his pocket.

"I guess so," said the blind man, taking out a handful of change and counting out four dollars and seventy-five cents.

"Well, John," said the benevolent young man's companion, as they walked on, "you're a bigger fool than I think you to be."

"Yes, you are; that fellow's no more blind than I am. How could he tell that was a five-dollar bill?"

"I thought I knew," said John, innocently, "but he must be mighty near-sighted not to see that it was a counterfeit."

There are none so blind as those who will not see. How frequently a man who asks for a certain brand of cigar, will take just what is handed him, without insisting on the smoke of his choice. And how frequently his easy-going indifference results in his being handed a counterfeit—a cigar which has no claim to quality of any kind but cheapness of manufacture.

It's different with a BUCK-EYE smoker. He knows what he wants, and he sees that he gets it. You ask why? Try a BUCK-EYE and you'll know.

P.S.—Ask for the best Ten Cent Cigar in the case, and get a BUCK-EYE.

Runaway Ends Fatally

C. S. Young, Aged Resident of Irma District, Killed Last Wednesday—Property Transfers at Irma.

Irma, June 30.—A sad fatality occurred here Wednesday morning when C. S. Young, an old and respected resident of this district was killed. Mr. Young, accompanied by his son, C. Young, was driving to town when at Graton Coulee the horses took fright and bolted. Both men were thrown heavily to the ground; the father was unconscious when picked up and died within a short time, while the younger received a severe shaking up and is still under the doctor's care. A gloom has been cast over the whole community by the fatality.

L. Jackson has sold his restaurant business to Mrs. Ranwick.

Dr. McGregor has moved into his new house on 2nd Avenue. Mr. Henderson is having his hotel plastered and remodelled and when finished it promises to be as comfortable as any hotel on the line.

The Spence farm northeast of town has been sold to Mr. Jos. Hammond. The price realized was about \$14 an acre. Mr. Bennett has sold his farm to Jos. Young.

The Irma baseball team met the Jarrow nine on Saturday last and defeated them in a good, fast game. The tennis courts are well patronized every evening in preparation for the coming tournaments.

The site for this handsome station the G. T. P. are building here has been graded and the building of the structure will commence this week.

The Wainwright Pharmacy

A sample of spring wheat grown close to town was brought in a few days ago and if all the wheat in this part is headed out as well as this sample King Frost need not be feared.

Mr. Rutledge left on Wednesday for his new home at Stettin. His successor, Mr. Boothroyd has arrived and assumed his duties last Sunday.

The death occurred on Sunday last of Mrs. Sheppard, wife of Mr. J. Sheppard of this district. The deceased lady had been an invalid for some time but was understood to be recovering and the sad news of her death came as a shock to her many friends in this neighborhood. Sincere sympathy is extended to Mr. Sheppard in his sad bereavement. The funeral will take place at Strathcona.

Winnipeg's Fair

Naturally reflecting Western Canada's position as the wheat granary of the world the Winnipeg Industrial Exhibition assumes prominence as having, each year, the finest exhibit of wheat shown in the whole world. Awards for wheat taken at the Winnipeg Exhibition are not only of individual worth—single classes for wheat running as high as \$400—but they represent the priceless value of world's supremacy; for in all this earth of ours there is no wheat that will compete with the product of the acres of Western Canada. Following the wheat there is a general exhibit of grain and agricultural products to which a separate building is devoted; and displays from the fruit-growing sections of British Columbia and Ontario that add to the completeness of the showing.

MAIL CONTRACT

SEALD TENDER address to the Postmaster General, will be received at Ottawa on July 24th, for the contract for mail delivery to the Wainwright District. The contract may be obtained at the Post Office at Wainwright, Alberta, and at the office of the post office inspectors.

FIRE

It has been proven that Paint is a great help in the prevention of fire. Therefore by having me paint your buildings you not only preserve the lumber but protect it from fire.
